The Managing Director,
Rishabh Instruments Limited,
F-31, MIDC, Satpur, Nashik - 422007.

Dear Sir,

We are writing to express our sincere gratitude for your supply of various models of solar grid tie inverters. We have been working with Rishabh Radius for the past five years, deploying over 1MW of your inverters (ranging from 5 kW to 50 kW capacity) across numerous locations and projects. These include significant installations like Vidyamangal Residential School, Rehman Education Trust, Jamiah Haqqaniyah, Ashapura Plywood, Rudra Namkeen, Swagat Hotel, Shri Krishna Timber, Tulsi Fabric India Pvt Ltd in Surat, and various other domestic projects.

We are pleased to report that all inverters are functioning exceptionally well, and we are highly satisfied with the performance of Rishabh Radius products and services. The inverters consistently operate according to the parameters specified in your offers. Furthermore, we have observed that the energy generation from Rishabh Radius inverters is notably superior to that of other manufacturers. Both we and our end-users are very happy with the prompt after-sales service support we have received since installation.

Thank you once again for your excellent support, high-quality products, and competitive pricing. We look forward to continuing our successful partnership in the future.

Regards,
Gunvant Patel
